All,

As a follow-on to our meeting on June 7th, Mr. Vihstadt and Ms. Garvey are hosting a meeting for Arlington residents to provide additional input to Arlington and Montgomery Counties as we move forward with a consultant contract to address the issue of noise from DCA operations on our communities. We will be joined by staff from Montgomery County and representatives of their Quiet Skies Coalition, a resident advocacy group.

A more detailed agenda will follow, however the purpose of the meeting is for the Counties to provide our residents with an update on this effort, and to provide an opportunity for you to give feedback and input to items for our consideration for inclusion in this procurement and contract.

Please RSVP for this meeting so that we will know how many attendees we will have and can make the necessary accommodations. I have also sent this as a meeting

invitation via Outlook, but am sending via email message as well for those of you who had technical issues with the previous invitations and your email accounts.

Brian
